

Koenig's Offshore IT Training Campus opens in India

Posted on - Friday, May 10, 2013 By VARINDIA Correspondent

Koenig Solutions has launched its new offshore IT training campus in Delhi. As reported by Koenig Solutions, this campus will become India's largest Prometric and VUE partner testing facility.

The campus will comprise of features such as a foreign currency exchange counter, a reflexology centre, in-house dining, shopping centre, medical facilities, cafeterias as well as a prayer room for students from Islamic countries.

Rohit Aggarwal, Founder & CEO, Koenig, said, "Our vision is to make India the premiere destination for employability and growth-linked IT education and training while at the same time making IT training a long-term, respected and viable career option for Indian youth. Koenig is determined to achieve this by ensuring that our students receive a world-class training experience while enrolled with Koenig."

The Koenig Campus is spread over an area of 18,000 sq. ft., includes 70 classrooms and 30 testing stations. The key features of the Koenig end-to-end solution at the campus as part of the course fee will include accommodation, examination facilities, meals, daily transport, airport pick-up and drop and a tour to Delhi's tourist places.
